

sourav louha

Developer

Hey, I'm Sourav, an ECE student with a coding and design bug! I build websites, tinker with robots, and capture the world through photography. Basically, I'm passionate about tech and creativity, and I'm always up for a challenge to make a difference. Let's connect and explore what we can create together!"

EDUCATION

Electronics and Communication Engineering

Techno Main Salt Lake

09/2022 - Present

class X and XII

Falakata High School (H.S)

02/2014 - 05/2022

PERSONAL PROJECTS

Rrc Autonomous Autobots Robot using Arduino UNO (10/2022 - 11/2022)

- "I'm a robotics enthusiast with a strong foundation in Arduino and automation, honed at RoboPalz Robotics Club's Autobots Workshop with Ardent & Geekonix. I excelled in designing, building, and programming robots. Leveraging this experience, I'm eager to contribute my skills and passion to collaborative robotics projects that make a real impact."

#SIH2023(Smart India Hackathon 2023) (09/2023 - 02/2024)

- At SIH2023, I co-led a team tackling doctor availability & appointments with AI! We navigated complex healthcare challenges & AI integration. This honed my technical skills & leadership, but more importantly, showed me the power of tech to transform healthcare. #SIH2023
